

## St Martin's CE (Aided) Primary School 2017 KS1 SATs Results: Headline figures

At the end of KS1 (Yr2), teachers are required to assess each child in the areas of reading, writing, maths and science. National Curriculum assessment tests are used to support teachers' judgements.

This year the school's judgements were moderated by Hampshire and the Local Authority agreed with our teacher assessed judgements.

St Martin's Primary School pupils' performance was in line with national average in every subject area.

The system of national curriculum assessment measures are as follows:

**Expected Standard** – Working at the expected standard for a child at the end of Year 2.

**Greater Depth** – Working at greater depth within the expected standard, with a strong understanding of the curriculum.

68.4% of pupils at St Martin's achieved the new expected standard in reading, writing and mathematics with 10.5% achieving greater depth.

69.8% of pupils in Hampshire achieved the new expected standard in reading, writing and mathematics with 14.9% achieving greater depth.

63.7% of pupils nationally achieved the new expected standard in reading, writing and mathematics with 11.0% achieving greater depth.
